BSYC NEWSLETTER

No 8

14th September 2009

OPENING DAY 2009/2010

The start of our 90th season is just 4 weeks away and there is an increasing amount of activity at BSYC with a number of members getting in some pre-season training! The House Committee is currently planning the evening function, details of which will be forwarded to you over the next week. Can I appeal to everyone to complete your subscription form and return it to Pauline before the 10th October if possible.

FRIDAY BISTRO

Spring is certainly in the air which means longer warmer Friday evenings at BSYC. While winter activity has been reasonably robust with an average of just over 50 people eating each Friday we look forward to seeing many of you and your friends on the Upper Deck in the coming months. Chef Darren is no longer with us and as we search for a new Galley Chef (see advert) Vicki Dally has once again taken over the reigns in the interim.

Of course, all members and their parties now receive a 10% discount on meals but please help us to plan accordingly by making a reservation.

LOG BOOK PRODUCTION

Is there anyone out there who would like to get involved in the production of the Log Book? We are looking for someone to act as desktop publisher / producer of our monthly magazine. We are also on the look out for others who may be able to offer occasional or regular articles, comments and cartoon etc for publication. There are no age restrictions and we would encourage input from junior sailors.

MEMBERS SERVICES

In order to review and update member services at BSYC we need to know that what we offer meets your expectation. Similarly, we would like to hear from anyone that has any suggestions for additional services that the Club could offer. Please feel free to e-mail me on manager@bsyc.asn.au.
